## style & finish planning guide

hardworking, stylish, and  
infinitely customizable

## ■■■ laminate

contemporary

Hardworking laminate is a stylish and affordable choice that compliments any decor. Constructed with the highest quality substrate, laminate casework and contemporary style doors are easy to care for and durable.

## the sky is the limit

With thousands of different style, finish, and design combinations available, More Space Place offers you more ways to show off your signature style. Too many choices? No problem... we're here to help! Our experienced designers are ready to assist you. Visit your local showroom to schedule a consultation and find more space saving ideas for your home.

## ■■■ textured

Textured laminate contemporary style doors and drawer fronts designed with horizontal cross grain create a Euro style look that is unique and distinctive. These wood grain laminates offer the natural look and feel of real wood just as it would be in nature.
