

# The New Yorker

more **SPACE** place®

We are excited to introduce the New Yorker Panel Bed, the first in our new Mod Series collection of furnishings.

The frame work is built using 1 1/8" thick contemporary laminate creating a solid defining outline that can highlight any of our More Space Place color and material options in all our door styles. Combining, matching or contrasting doors and drawers can create true individual design statements. The results can range from a traditional to bold contemporary.
